

ST-400

A SOLUTION FOR
SMARTER WORK

Your
off-road
partner.

TRACK SYSTEM FOR COMPACT TRACTORS

Unlock the full potential of your compact tractor! With the ST-400 track system, gain greater versatility while fully using your tractor's power. Designed to enhance performance, stability, and efficiency in every condition – bringing your machine to its best.

PROVEN BENEFITS

Improve yield and performance

Reduced soil disturbance. Advanced rubber compounds designed to reduce heat buildup and increase roading capacity.

Work in wet conditions

Improve plant emergence and yield by reducing compaction and damage to beds, roots and vines.

More versatility

Expand the versatility of your tractor and equipment.

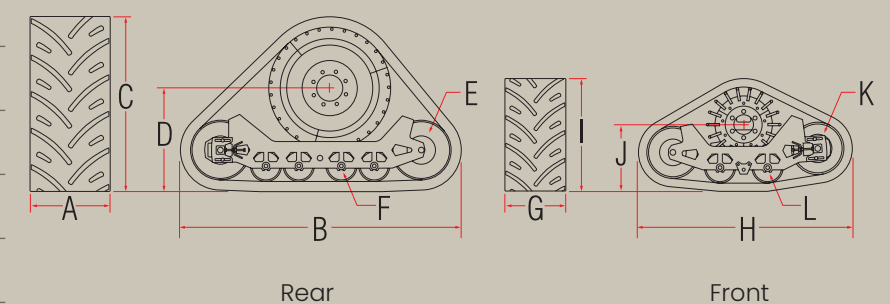

COMPATIBILITY

The ST-400 is a versatile and adaptable track system engineered for compact tractors. Available with mounting solutions for: **JOHN DEERE 4066R, 4075R and KUBOTA L6060, L6070.**
